- Interviewer name not available
- A few of the videos did not have the year when the interview was conducted
- The audio was bad sometimes and the lightning

MEDIASPACE KALTURA

- Upload videos
- Written Descriptions
- Tags

The screenshot displays the Trinity College Video portal interface. At the top, the navigation bar includes the Trinity College logo, the text 'Video portal', and search and user options. Below this, a dark blue header contains the project title 'Voices of Migration Oral History project' and a brief description: 'This oral history project documents the stories of members of the U.S. Latinx community in Hartford.' There are three filter tags: 'oral history', 'latinx', and 'hartford'. A 'SUBSCRIBE' button is visible on the right. Below the header, a yellow banner states 'Your additional media will be presented once it is ready. Refresh Now'. A search bar is present, and the video list is sorted by 'Creation Date - Descending'. Three video thumbnails are shown, each with a duration and a title: '25:44 Hartford Magnet Trinity College Academy teacher...', '15:57 Interview with Andrea by Trinity student', and '28:36 Interview with Anthony Garcia by Grace...'. The background of the slide features faint line-art illustrations of various objects like a keyboard, a USB drive, a pen, a notebook, a smartphone, a coffee cup, a spoon, and glasses.

NETWORKING

- Communicate with Community Partners
- Obtain contact information
 - Email or call
 - Thoroughly explain the purpose of the project
- Reach out to people interviewed after and thank them for their time and for sharing their story

CONDUCTING AN INTERVIEW

- Due some research and then prepare some questions for the interviewer
- Set an appointment
- Ideally conducting interview at Trinity College with Sean and Angie

CONDUCTING AN INTERVIEW ~IN DETAIL~

- Try to be silent (Don't laugh)
- Have a scripted introduction stating:
 - Name of project
 - Name of narrator
 - Name of people conducting the interview
 - Date, time, and setting (interview location)
- Make sure to connect the microphone
- Prepare the room for the interview
 - Ensure the background is appropriate
- Make a list of questions for the interview, but also ask
follow up question

THANKS!
Any questions?
